Veronica Rammouz

Curriculum Vitae
San Antonio, Texas, USA
GitHub: https://github.com/vrammouz
Email: veronica.rammouz@utsa.edu

EDUCATION

Ph.D. in Information Technology, Artificial Intelligence and Machine Learning
Expected year of completion: 2028
The University of Texas at San Antonio
Department of Information Systems and Cybersecurity
College of AI, Cyber, and Computing

M.Sc. in Information Technology, Cyber Security
Year of completion: 2024
The University of Texas at San Antonio
Department of Information Systems and Cyber Security
College of Business

M.Sc. in Computer Science, Data Science
Year of completion: 2021
Notre Dame University, Louaize
Department of Computer Science
Faculty of Natural and Applied Sciences

B.Sc. in Computer Science
Year of completion: 2019
Notre Dame University, Louaize
Department of Computer Science
Faculty of Natural and Applied Sciences

EMPLOYMENT

Graduate Research Assistant
2024-Present
The University of Texas at San Antonio
Human-Centered Natural Language Processing Lab
Information Systems and Cybersecurity
College of AI, Cyber, and Computing

Graduate Research Assistant
2023-2024
The University of Texas at San Antonio
Data Analytics Center
Information Systems and Cybersecurity
College of Business

Graduate Research Assistant
2022-Present
The University of Texas at San Antonio
Cyber Center for Security and Analytics
Information Systems and Cybersecurity
College of Business

Analytics Engineer
2022
CMA CGM
Data
Took the lead on an internal project in Python and initiative to research and develop intelligence related to maintenance and repair-category containers. Provided the business with crucial data in the form of dashboards about anomalous data showing key insights on expenses. Was depended on to deliver for a priority 0 project to enhance shipment processes.

Software/Data Engineer
2020-2022
Podeo
Tech/Data
Took the lead on building the data infrastructure including pipelines and dashboards. Managed queries pertaining to different data sources and channels. Shipped code for the Android app with creative features. Helped with early-stage business decisions.

Ongoing Projects

Mechanistic interpretability for AI safety

AWARDS AND HONORS

ICIS Doctoral Consortium Nominee
2026

AI Spring School Symposium Scholarship
NSF
2026

ASU Cybersecurity and AI workshop
UT San Antonio
2025

BIDS travel grant
UC Berkeley
2024

MIDAS travel grant
University of Michigan
2024

Melvin Lachman Endowment
The University of Texas at San Antonio
2024

Dean's List
Notre Dame University - Louaize
2018

SERVICE TO PROFESSION

Volunteer at ACL 2026

Peer reviewer at HICSS 2026, AMCIS SIGSEC 2026, ASONAM 2025, HICSS 2025, WCNC 2023

RESEARCH EXPERIENCE

Human-Centered Natural Language Processing Lab
2025 - Present
The University of Texas at San Antonio

iTEA Lab
2025 - Present
The University of Texas at San Antonio

College of Business
2024 - 2025
The University of Texas at San Antonio

Data Analytics Center
2023 - 2024
The University of Texas at San Antonio

Cyber Center for Security and Analytics
2022 - 2023
The University of Texas at San Antonio

TALKS AND PRESENTATIONS

ACL — San Diego, USA
PrivateNLP@ACL: Mechanistic Access Control in Large Language Models via
Latent Refusal Probing — *presenter*
2026

Texas NLP Symposium — Texas A&M University, USA
Absolute Error Is Not Enough: Ranking Model Performance Without Labels — *presenter*
Understanding Clinical Cognitive Dialogues Using Large Language Models **—** *co-author*
2026

NSF AI Spring School — UT San Antonio, USA — *presenter*
Mechanistic Access Control in Large Language Models via Latent Refusal Probing
2026

ASU Cybersecurity and AI workshop — Angelo State University, USA — *presenter*
Can We Reliably Rank Model Performance across Domains without Labeled Data?
2025

PROFESSIONAL SKILLS

Data Analytics and Engineering
Machine Learning, Deep Learning, Python, SQL, Tableau, BigQuery, and LookerStudio to conduct various forms of analysis including business analytics, social media, and experimental data. Delivered high quality analysis pipelines.

Research
Literature reviews, peer reviews, data science methods

PROFESSIONAL MEMBERSHIPS

Omicron Sigma Sigma
Order of the Sword and Shield
Academic and Professional Honor Society for all Homeland Security Disciplines

The Association for Computing Machinery
UT San Antonio

Women in Cyber Security (WiCyS)
